

ERASMUS MUNDUS MASTER
IMPACT ENTREPRENEURSHIP

A new generation of
entrepreneurs is on its way!

Erasmus Mundus in Impact Entrepreneurship

Co-funded by
the European Union

What is EMMIE?

Emmie was born thanks to a partnership between three highly accredited European Business Schools:

Erasmus Mundus Master in Impact Entrepreneurship (EMMIE) is a specially designed and dedicated master's program **for those who wish to contribute to the transition of our society into a more sustainable and inclusive world through the implementation of entrepreneurial projects.**

In getting exposed to Impact entrepreneurship, participants will develop their ability to constantly manage the right **balance between People, Planet, and Profit.** To bring, on the market, entrepreneurial projects pretending to have a significant impact on some of the 17 SDGs, participants will acquire:

- a deep understanding of the challenges that need to be addressed;
- relevant methodologies to analyze the ecosystems related to these challenges;
- a smart strategy to identify the most effective leverages to act in order to optimize the impact;
- the use of specific business models that fits the 3Ps approach.

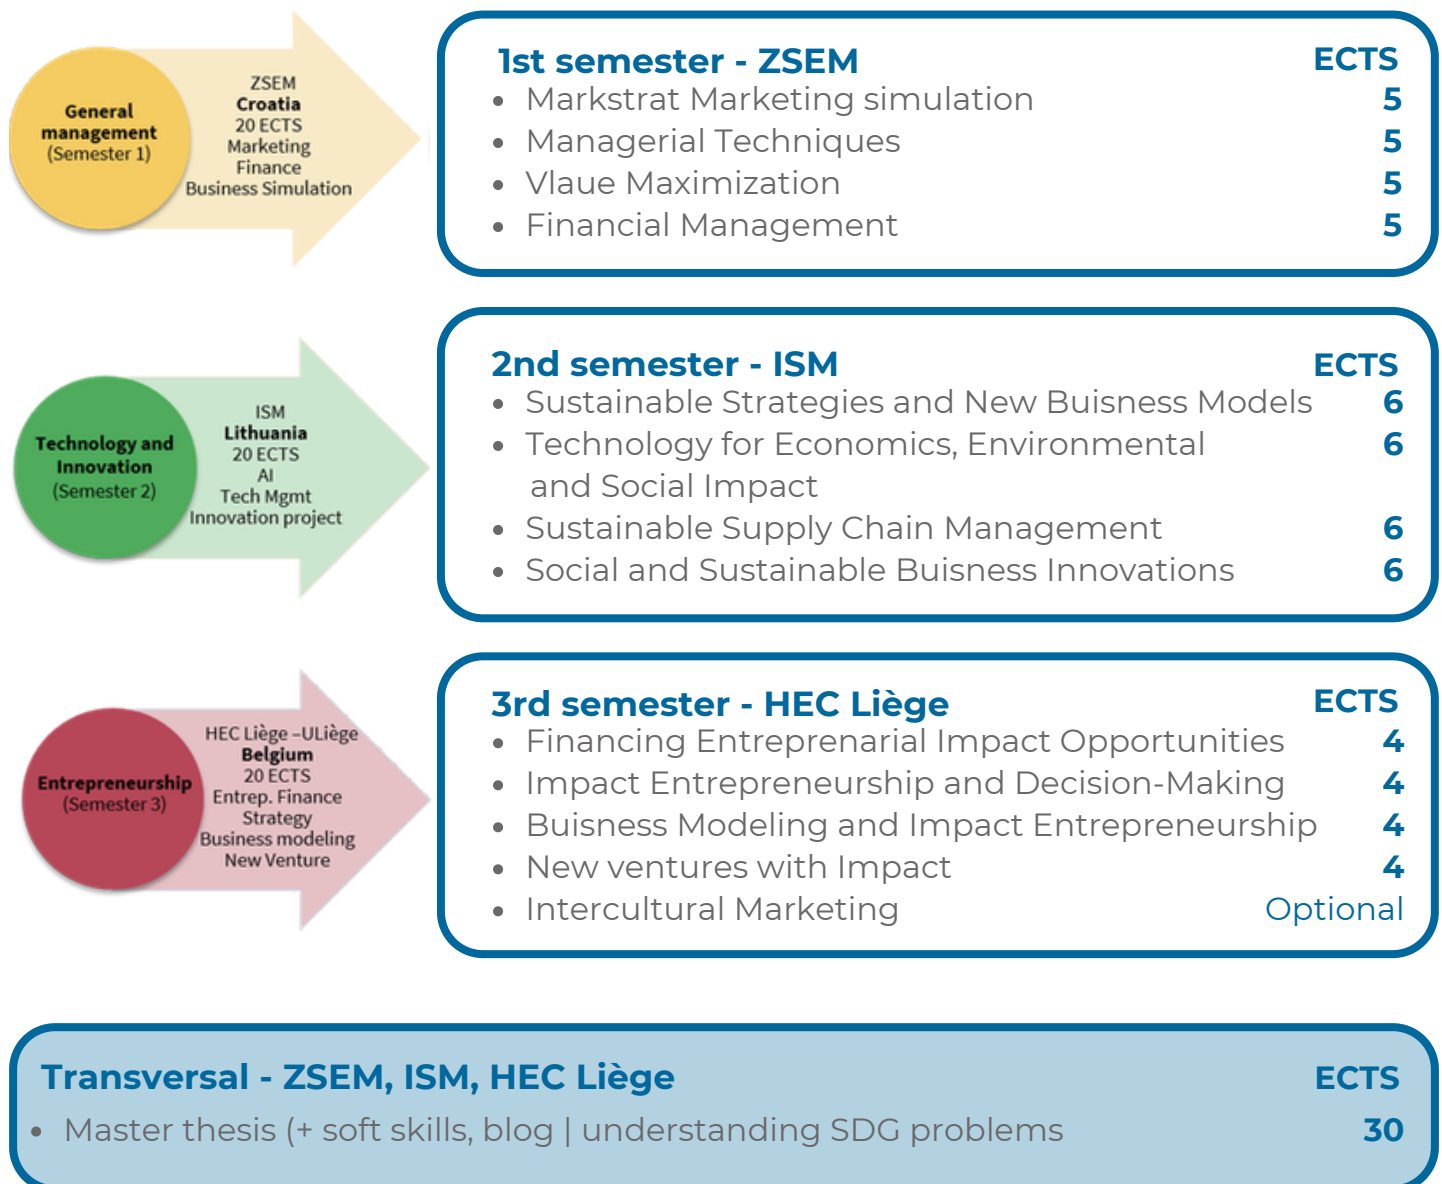

To a large extent, they will also develop a different mindset from “usual” entrepreneurs, including a clear understanding of the purpose (the Why?) and the integration of a balanced consideration of stakeholders in the business model. As impact entrepreneurship requires very creative and interdisciplinary approaches, the program will recruit candidates from a wide variety of academic disciplines. The ambition is to recruit among those brightest candidates who have this burning desire to build a better world.

Overview of the program

The EMMIE curriculum is built on a 90 ECTS program spread over 18 months and organized by three of the best European Business Schools. The program is organized into three semesters. The first semester is in Zagreb, the second semester in Vilnius, and the third semester in Liège.

Requirements

- Undergraduate degree diploma (240 ECTS)
- English proficiency (B2)

All academic discipline backgrounds are welcome!

Fees

The programme fees are 13,500 € for 18 months.

This includes :

- Registration fees
- Administration fees
- Health Insurance
- Access to uni's infrastructures
- Assistance from international departments of each University

Scholarships

EMMIE is an Erasmus Mundus master program. This means the very best students can candidate to get an Erasmus Mundus Grant.

This scholarship includes two different contributions:

- Exemption of registration fee (13,500 €)
- A grant of 1,400 € per month for the entire duration of the study program (18 months) as a contribution to travel, subsistence and installation costs.

Other grants:

Candidates are strongly recommended to solicit scholarships or loan opportunities in their own country.

Best decision I made!

EMMIE challenged my personal growth in ways I never could have imagined. However, the most important part of EMMIE is the friendships I have built.

A whole new Chapter!

EMMIE is more than just a master's program, joining EMMIE is like starting a whole new chapter of your book!

It's a journey that's fun, unpredictable, and memorable, opening doors to experiences and opportunities you never imagined.

More than Studying!

EMMIE's journey goes further than a studying program. It allows you to generate a whole network of key stakeholders to bring your ideas to the next level.
